

**no torture
in my name**

Responding to the painful truth of our times

The United States, through both action and legislation, has abandoned the Geneva Conventions

Tortured while in U.S. custody

regarding the treatment of prisoners of war and other detainees, and regarding the injury of civilians in the course of war. We appeal to every US citizen to study the Geneva Conventions and to campaign actively at all levels of government and education for their reaffirmation, study, consistent observance, and extension.

Don't let your silence be taken for consent. Please write to your Senators and Representative about this issue, and wear an orange arm band or wrist band bearing your own statement of conscience. For more info, visit **www.SupportGenevaConventions.info**
